

## “Cover Your Fodder With a Reliable Silage Tarp”

ARK Silage Tarps are made from XF Film. It is a specialised Swiss patented film that ensures strength, durability, and reliability.

Our silage covers provide you with the best vapor barrier and with a high oxygen barrier that allows for complete fermentation and preservation of stored feed nutrients.

We produce tarps and covers unlike anything commonly found in the market.

<b>GSM</b>	90 GSM / 100 Microns
<b>Colour</b>	Black & Silver
<b>Finish</b>	Heat-sealed straight cut - no hems or eyelets
<b>Handling</b>	Lightweight & easy to cut without fraying or peeling
