

"Weed Management - The Smart Way"

ARK Weed Control Tarps are made from XF Film. It is a specialised Swiss patented film that ensures strength, durability, and reliability.

Our Weed Control Tarps are black on one side and silver on the other. The black side absorbs the sunlight and creates the perfect environment for weed germination and results in better weed suppression and control as opposed to common black tarps or plastic sheets.

We produce tarps and covers unlike anything commonly found in the market.

GSM	90 GSM / 100 Microns
Colour	Black & Silver
Finish	Heat-sealed straight cut - no hems or eyelets
Handling	Lightweight & easy to cut without fraying or peeling
Warranty	3 Years

GET THE ARK ADVANTAGE

UV resistance	UV inhibitors are incorporated in the raw material blend – 3 Year UV Guarantee
Waterproofness	Raw material is inherently waterproof throughout
Longevity	Long life as tarp is 100% waterproof and UV resistant through the entire thickness of the product
Strength	Layers are laminated in opposing directions creating greater cross directional strength

Sizes Available (m)

2 x 25	18 x 25
4 x 25	6 x 15
6 x 25	8 x 15
8 x 25	12 x 50
12 x 25	15 x 50
15 x 25	18 x 50

UV Resistant

High Tensile Strength

100% Waterproof

Does not Peel or Crack

Strong, Tough & Puncture Resistant
